Task 2. Read the article about three people who are interested in nature. Answer the questions. For questions 16–20, choose A, B or C.

My love of nature

A Sarah

When I was a child at school, I collected books about nature. My classmates and friends all spent their free time playing computer games, so to them I was a bit strange. I loved learning about animals from other countries, but as I got older I found out that my own country has interesting nature too, and that's what I like studying now. I do lots of drawings of nature, and I put them on my blog.

B Pilar

I love birds and animals because of all the visits to forests and lakes we made when I was at school. It's a shame that things have changed now. Children these days don't learn enough about nature, so lots of them are afraid of insects, for example. I have a great job because of my love of nature. I'm a nature photographer. It's brilliant, except for the early mornings!

C Lia

A few years ago I read a blog with beautiful photos of animals, birds and plants, which made me start really looking at what lives around us. It was just a hobby at first, but now it's my job as I visit schools and give talks about nature. I love it. The only problem is if I am asked to draw a picture. I enjoy it, but I'm terrible at drawing! I'm going to take some lessons to try to get better.

16. Who became interested in nature from seeing someone else's blog?

A Sarah B Pilar C Lia

17. Who says there is something about her job that she doesn't like?

A Sarah B Pilar C Lia

18. Whose friends thought that her hobby was unusual?

A Sarah B Pilar C Lia

19. Who became interested in nature because of school trips?

A Sarah B Pilar C Lia

20. Who says that the type of nature she is interested in has changed?

A Sarah B Pilar C Lia
